

Biz Salon to call Fletcher Place home

Fletcher Place welcomes a new business neighbor, as the Biz salon selected our neighborhood for their new location. The Biz is an Aveda concept salon and will be located at 630 Fletcher Avenue. The owners of the salon, Robb and Ginger Biddinger, have been working diligently on converting this building into a salon, while adhering to historic guidelines. The salon is scheduled to open sometime before the

end of this year.

The Biz has operated in the downtown area since 1984 and will be relocating to Fletcher Place from their current location at 333 East Ohio. Robb and Ginger had been searching for a property to purchase for sometime and found exactly what they were looking in Fletcher Place. This new location, which sits on the corner of Fletcher and College Avenues, allows the Biz to offer a parking area for their

clients and an opportunity to grow their business through our patronage.

The Biz offers a full range of salon services that include hair, nail and skin care, as well as massage services. Spa packages are available allowing Fletcher Place residents the opportunity for some pampering within walking distance. The Biz also provides value add services, meaning you can receive a head massage in addition to your hair cut and a foot and leg massage with your pedicure.

Those attending the ice cream social got a taste of the excellent Biz services, with Biz staff present providing free neck, shoulder and hand massages.

Aveda salons are known for having well trained and skilled staffs and the Biz is no exception. As an Aveda concept salon, the Biz carries a range of Aveda products. Aveda is an innovative company that creates some of the highest quality hair, makeup and skin care products available.

Although they reside in the Fall Creek area, the Biddingers have already become

have been attending our neighborhood meetings, providing input and offering to help with various events. Ginger joined our garden club and both she and Robb rolled up their sleeves to help with a recent weeding and landscape improvement project in Fletcher Place.

Both the Biz salon and the Biddingers are a welcome asset to our neighborhood.

Salon to open in renovated structure at College and Fletcher Avenues

We wish them the best of success and are grateful for their taking an interest in Fletcher Place and becoming involved.
